

FACTS & FIGURES 2019

TOGETHER
FOR BETTER

REYNAERS ALUMINIUM

For over 50 years, Reynaers Aluminium has been designing cutting-edge glazing solutions for some of the most iconic buildings in the world. Engineered without compromise, our range of aluminium windows, doors and curtain wall systems have been specified time and again by the world's leading architects and construction companies. Reynaers Aluminium is part of the international group Reynaers.

Reynaers Aluminium is recognised globally for the premium quality of its products. To help us maintain this reputation, we have invested in a world-class design and testing facility. When you choose Reynaers Aluminium products, you can rest assured that you are choosing a product that will not only look great, but will also offer industry-leading performance and reliability.

MISSION

Our goal is to increase the value of buildings and to enhance the living and working environment of people worldwide. We achieve this together with our partners by providing innovative and sustainable aluminium solutions for the building envelope.

CORPORATE SOCIAL RESPONSIBILITY

We consider socially responsible entrepreneurship to be inherent to doing business. We focus on 5 important themes for every corporate decision: energy, safety, sustainable transport, material use and people commitment.

INTERNATIONAL PRESENCE

IMPRESSIVE GROWTH

Company Reynaers has realised a dynamic and continuous growth.

TURNOVER (IN MILLION EUR)

EMPLOYEES

PRODUCTS

Comfort, security, architectural design and energy-efficiency come first in the development of our products.

BESPOKE SOLUTIONS

The Reynaers Aluminium Consult & Project Team can develop new products specifically for your design needs. All our products' standard measurements are tested and certified. But every so often you will plan a module not covered by standard measurements or that has to meet special requirements. After agreement, Reynaers Aluminium is able to carry out the design for you and test it for wind resistance, water tightness and stability. The testing facilities at the Reynaers Campus are fully compliant with official standards.

We can support you every step of the way, and we can help you to bring your projects to life.

SERVICES

Reynaers Aluminium continuously listens to the requirements and wishes of our partners. We aim to provide them with all the means to work as well and efficiently as possible.

The quality of the complete organisation at Reynaers Aluminium is guaranteed by the **ISO 9001** certificate.

TOGETHER FOR BETTER

Our success is the result of a close collaboration with our partners. Our projects are living proof of the synergies we have created with investors, suppliers, project developers, architects and fabricators all over the world. We want our clients to know that they can count on us, today and in the future.

As long as we work together, we will continue to improve our designs and systems. So let's work together.
Together for Better.

THE REYNAERS CAMPUS

The Reynaers Campus is the corporate headquarters of Company Reynaers in Duffel (Belgium). The Campus is the inspiring and dynamic work environment of all Reynaers Aluminium employees and a place for partners to experience the latest products and innovations in full interactivity.

At the Reynaers Campus, you can visit the Experience Centre that is designed to bring people together and inspire you with our latest solutions and state-of-the-art technologies for architectural building solutions. In the Experience Room, you can discover our unique offering, assisted by inspiring digital applications. For a full immersive experience, a visit to AVALON can be booked where you can visit future buildings through a shared virtual reality experience. The Technology Centre is the largest privately owned innovation and testing centre, used for the validation of architectural and high-tech window, door and façade concepts.
